WE'RE STILL HERE.

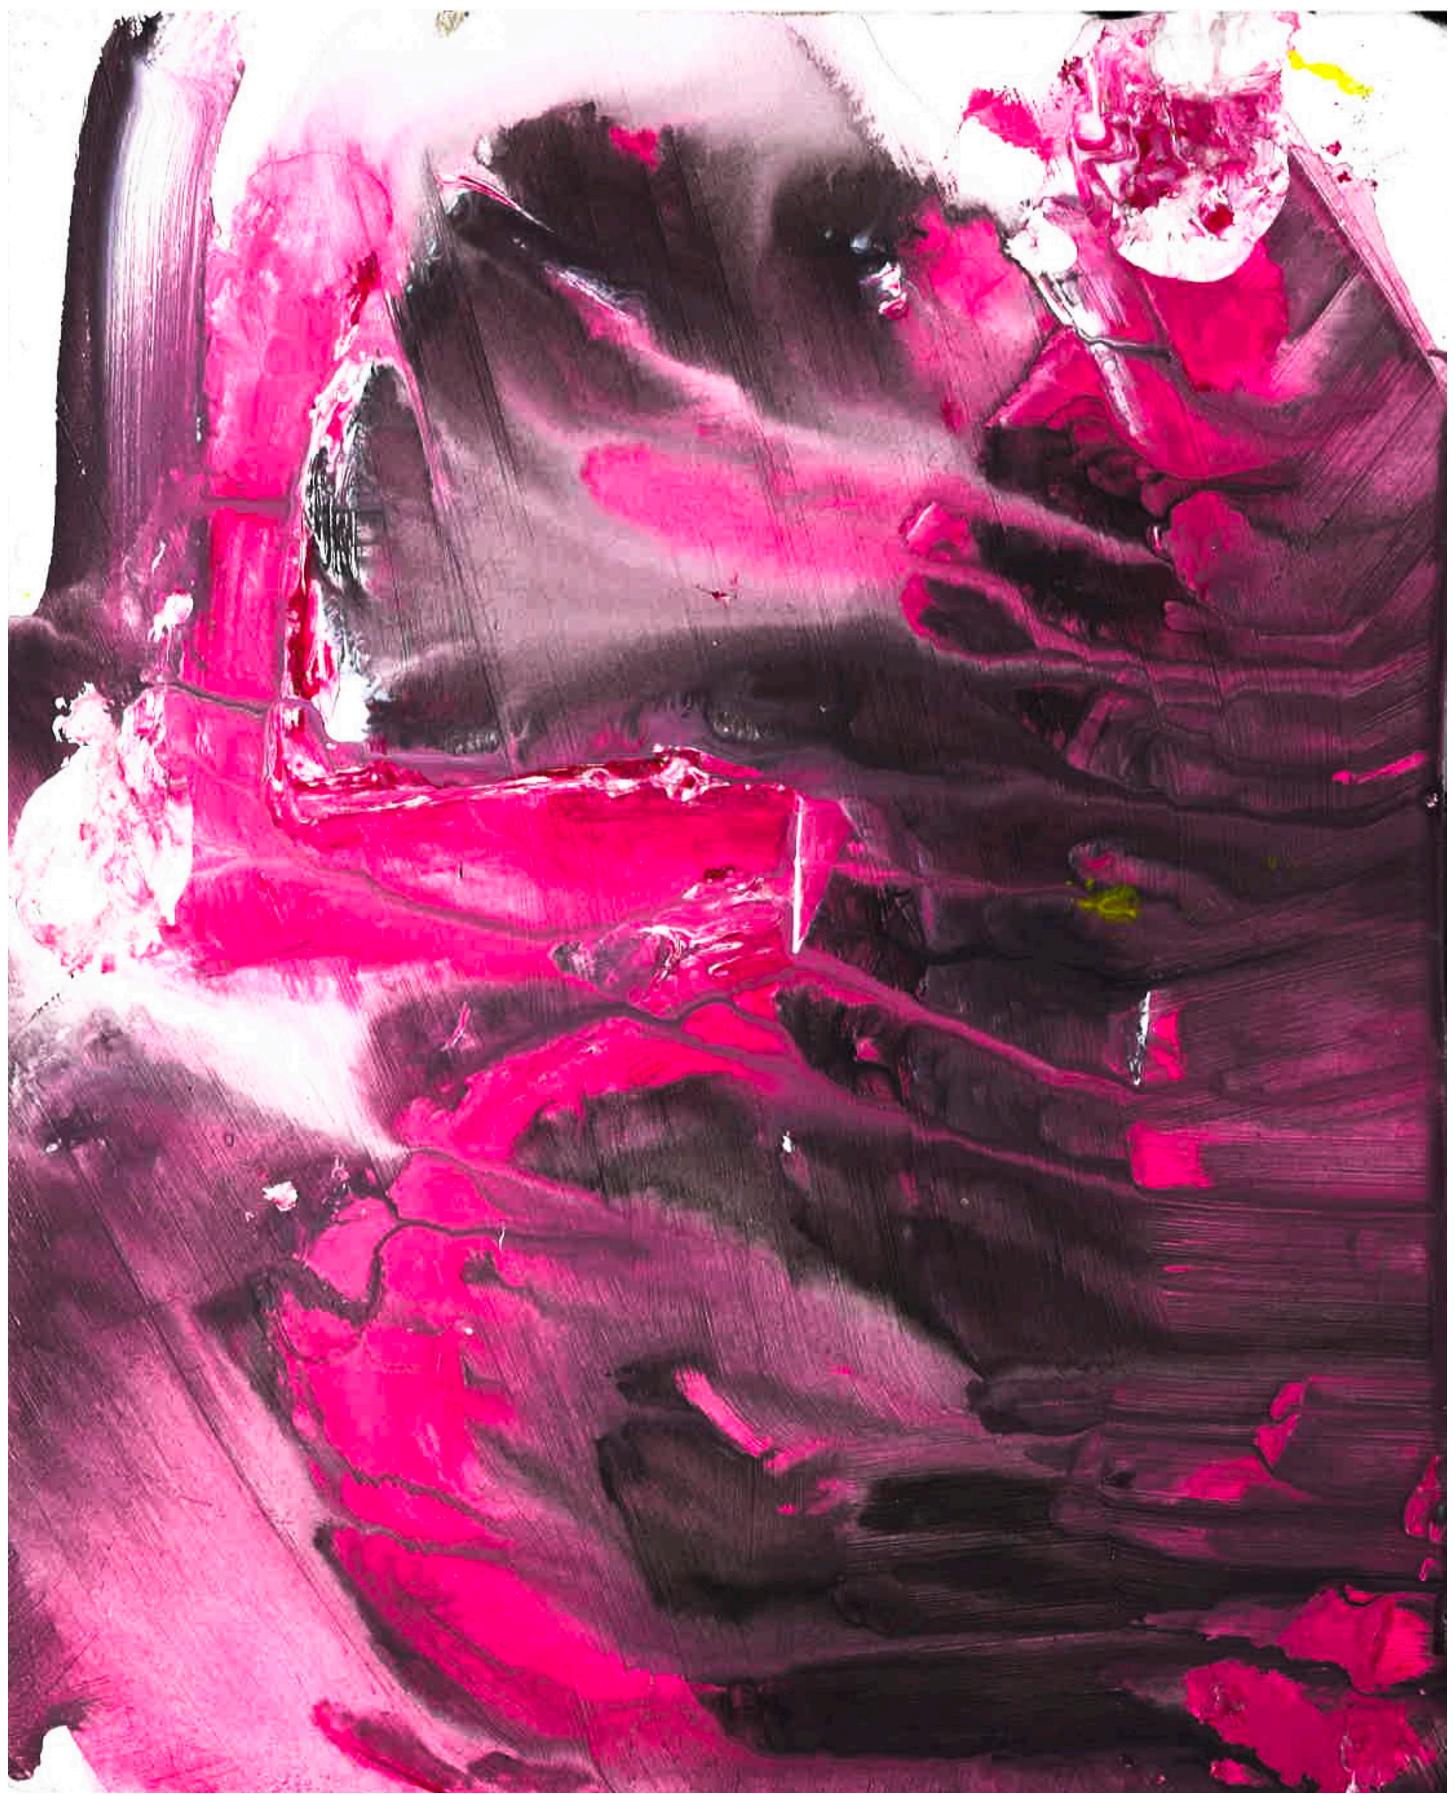

BREATHING.

LEARNING.

CRASH LANDED,

ON A NEW PLANET.

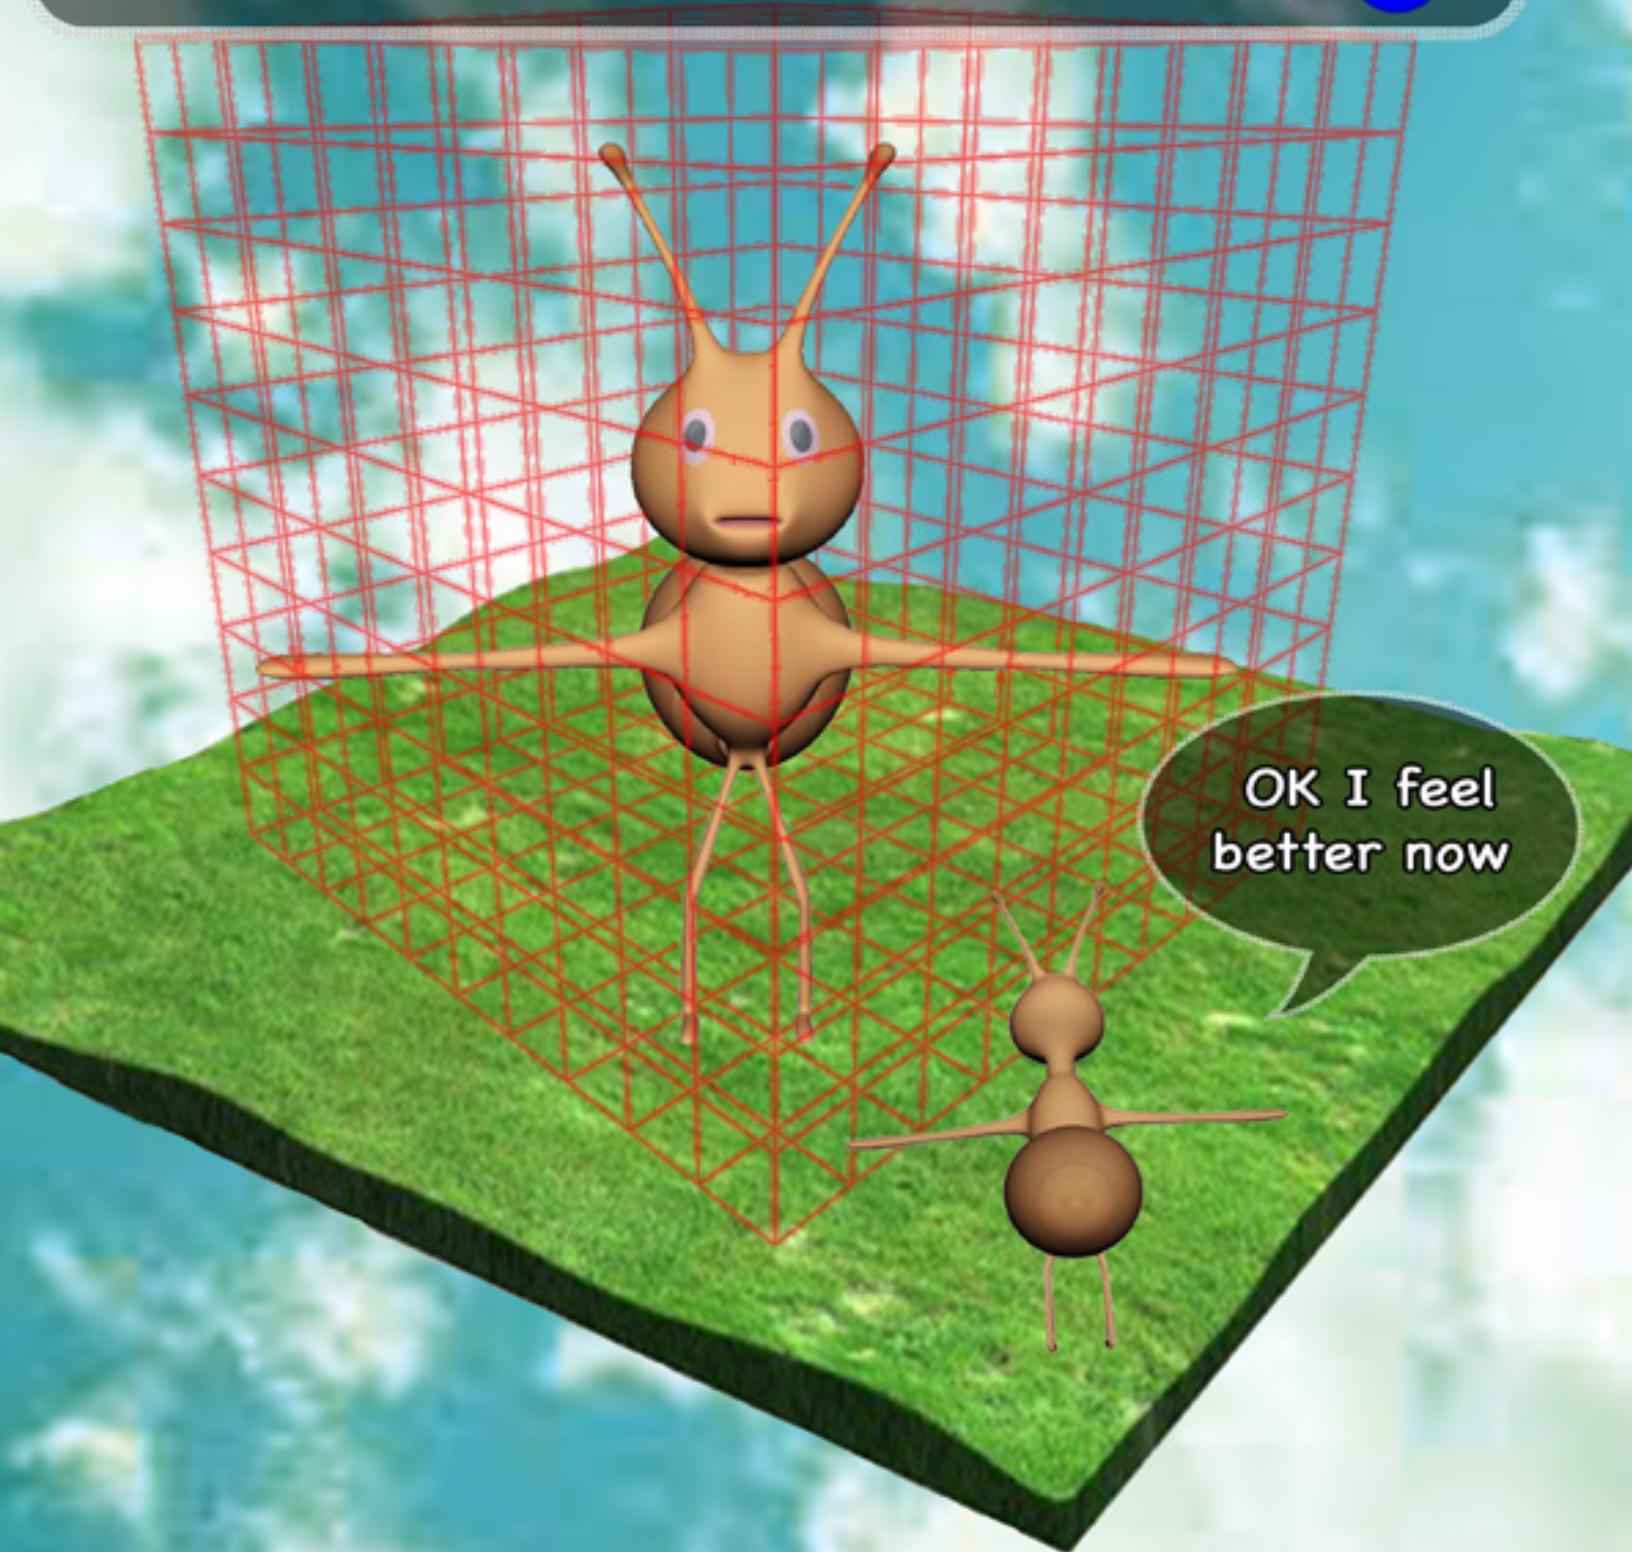

They stand with power in their grip.  
They bark, They laugh, They leave.  
But together we feel Loved.  
They know they can't be us  
And it hurts them.

# Can we all hold

Heavenly father, I pray to you today,

with a heavy heart and conscience.

I beg of you to wash me of my sins,  
clean me of my dismay.

Heal me, great one.

“Wrist”

— Your power over me, so great

— Your love for me, everlasting

— If we could see each other,

— I think we'd be friends.

The faceless creature is famished,  
who is there to calm the beast?  
My calls for help go unheard,  
have you forsaken me?

Chicago 2054.

This is about your dead dog's ghost. It inhabited aerospace parts and is destroying the city. It's up to you to defeat it. Don't shower, bring treats, and use its name.

Our team will be on standby but it's up to you to take it out. You'll be equipped with holy water and explosive chew toys. Expect big thrills and serious compensation. This mission can't continue without your smell and voice.

Your dead dog's ghost

While our goal is to destroy the dog, there is mounting pressure to capture and study the creature. Things have become political. We intend to destroy rather than debate and philosophize.
